EXECUTIVE FORUM

Ravindernath Bhas is new President of SCMA	04
Anwar Shirpurwala is new ED, MAIT	04
Polaris appoints Jitin Goyal as President and Head of Worldwide Sales and Account Management	04

TRENDS

Ferromagnetic secrets of promising materials unlocked	07
Stretching carbon nanotubes to make stronger composites	07
Microscale optical accelerometer created	07
Heart surgery with stretchable electronics devices	07
New silicon-based batteries outperform current batteries	08
Nanotech device mimics dog's nose to detect explosives	08
Beating the dark side of quantum computing	08
Scientists design revolutionary data storage device	08
'Antenna-on-a-chip' speeds infrared light transmission	09
Self-assembling polymers could boost computer memory	09
Blind patient reads words stimulated directly onto retina	09
Optical microscopes lend a hand to graphene research	09

TECHMARCH

Steer-by-wire — cars of the future	10
------------------------------------	----

TECHNEWS

New diode can read photons faster than ever before	14
Computer science graduate student develops 'Musical Heart'	15
Japan Display unveils incredibly thin Smartphone tablets	15
Stretchy electronics moves closer to wearable sensing technology	16
Interplanetary Internet used to test robot from international space station	17
Wireless data transfer at top speed	17
Implanted devices powered by the ear itself	18
'Internet of Things' will transform our everyday life	19
New module faster than USB2, Wi-Fi and Bluetooth	20
China's manned space flight in 2013	20

SPECIAL REPORT

Components — Ultracapacitor technology leading the way toward improved electric vehicles	37
---	----

ARTICLE

2.5-tonne 1951 model computer is back for show	41
--	----

CORPORATE BRIEFINGS

Cabinet gives go ahead to NPE 2012	43
President releases Aakash-2 tablet at Rs 1,130	43
India to showcase Aakash tablet at UN	43
Nokia to invest Rs 250 crore in Chennai plant	43
WorldSpace radio makes a comeback	43
Lenovo launches smartphones in India	43
Samsung has sold 3mn Galaxy Note II	44
In 6 months India had over 100 mn shipment of mobile phones	44

CORPORATE BRIEFINGS

Microsoft India launches new education resourcing programme	44
India's software exports growth slides	44
India among fastest growing Internet	44
NSC proposes public-private partnership for cyber-security	45
IBM signs MoU with Startup village in Uttar Pradesh	45
TCS setting up Rs 550 cr integrated campus in Indore	45
Indian IT services market to reach \$10.2 billion in 2013	45
IIT-B and Applied Materials launch semiconductor certification course	46
UN Broadband Commission releases first global broadband report	46
Polaris signs definitive agreement for business purchase of Pyxis	46
Rediff unveils news app for Android OS	46

PV+SOLAR TODAY

Global PV market to record lower growth this year	47
Nanoparticles to convert solar energy directly into steam	48

PV+SOLAR BRIEFING

DVC emulates Gujarat, plans solar plant over canal network	49
CERC puts cost of PV solar plant at Rs 8cr/MW	49
Five railway stations in MP solar powered	49
ReneSola unveils locally made solar PV modules	49
Vikram Solar to install solar facility at Cochin airport	49
Bihar govt unveils policy to encourage use of solar energy	49
Govt makes mandatory to procure local solar panels, modules	50
SEI Solar to raise Rs 270 cr from IFC	50
Shimla to be powered by solar energy	50
Voltech plans India Solar Park in Tamil Nadu	50
Gamesa India to enter into solar business	50
Solar lighting products launched by Slar Plus	50

DESIGNER'S CORNER

Molex offers wide-range solutions for marine industry	51
Microsemi introduces next-gen SmartFusion@2 SoC FPGA	51
ST perfects advanced process technology for new-gen sensor electronics	51
Fox's new XpressO TCXOs provide custom frequencies up	52
Vishay unveils new 1000V PV solar panel protection rectifier	52
Premier Farnell to distribute TE connectivity's acquired DEUTSCH line	52
ON Semiconductor introduces next-gen HF SEPIC/boost controller for automotive apps	52
Renesas RX MCU and IAR embedded workbench achieve world-record benchmark scores	53
Molex self-contained power connector system	53
Atmel unveils MCU-based RF transceiver IC family with lowest power consumption	53
AD simplifies high-speed data converter-to-FPGA interconnect design environment	54
FCI develops high-performance USB 3.0 connector technology	54

SMARTCARDS TODAY

New LPG cylinder norms give boost to smart card usage in India	21
Atom technologies unveils merchant payment service 'IMPS'	22
Thomas Cook India collaborates with MasterCard to launch borderless prepaid card	22
French technology highlights at Smartcards Expo 2012	23
Gemalto achieves 25 million milestone for e-driving licences in India	24
AdvanIDe launches NFC TagExplorer app for scanning NFC tag content	24
SCA's New White Paper explores connection between EMV and NFC payments	26
China smart card industry volume touches 2.43 bn	26
NXP and Identive partner for NFC cashless	31
Datacard's enhances passport issuance system payment solution in India	31

Smart Briefings

Eurosmart: 7 billion smart secure devices to be shipped in 2012	32
Morpho wins SESAMES Award for "EMV Pro Digit"	
Infineon bags Sesames Award for Secure Transport Solution	
G & D bags Sesames Awards for mobile wallet solution	
Gemalto bags new Innovation award at Sesames for PrintPixel	
SESAMES Awards for NXP's two Identification solutions	
Morpho to acquire American Banknote's European Card manufacturing and personalisation operations	
Aadhaar coverage in Goa crosses 80% mark	
Finance ministry slashes allocations for UIDAI	
Oberthur Technologies celebrates its 1 Millionth electronic PIN issuance by SMS	

Smart Products

Data card introduces instant issuance system - CE870	34
HID Global's new iCLASS SEreader module	
ST unveils new-gen dual-interface chip-card microcontrollers	

RFID Products

Smartrac launches new MIFARE based inlays and PRELAM@ products	35
NXP unveils next-generation smart paper ticketing IC	
Motorola introduces handheld MC9190-Z RFID reader
